## CITY OF FRESNO PROJECT REQUIRES CONTINUOUS ON-RAMP CLOSURE

The California Department of Transportation (Caltrans) announces that as part of a City of Fresno signal improvement project located at Olive Avenue and State Route (SR) 99, **Dawson-Mauldin Construction Inc. will close the southbound Olive Avenue on-ramp beginning next Tuesday, August 11<sup>th</sup> at 7:00 p.m. until Friday, August 21<sup>st</sup> at 7:00 a.m.** The continuous closure of this on-ramp is necessary in order to safely complete the next phase of this improvement project. This project is on schedule and construction operations will continue for the next few months within the project limits.

Motorists traveling within the project limits will be subject to upcoming lane closures, shoulder closures and ramp closures. Motorists are advised to use an alternate route or add additional time to their morning and/or afternoon commute in order to avoid possible delays.

Specific closures may continue for longer periods of time if necessary, due to any unforeseen or uncontrollable events that may occur during construction operations.

**Questions or concerns regarding this improvement project should be directed to the Dawson-Mauldin Construction Inc. Central California Office at (559) 896-0098.**

Caltrans, the City of Fresno and Dawson-Mauldin Construction Inc. remind you to always drive with extra care while travelling through construction areas. Be Work Zone Alert and pay attention to construction area signage and watch for construction vehicles and personnel working in the area.
